AMOROUS NEGRO

FRENCH PREMIER
NOW IN AMERICA

"K-K-K" Stamped on Forehead for Attentions to White Women.

Is Here on Special Mission; Holds Private Conference With Sec. Hughes.

DELTA, Texas, April 2.—Late last night, Aler Johnson, a negro bell boy of a local hotel, was taken by a party of masked men to a lonely spot, six miles from here, and letters, "K-K-K" burned on his forehead. He was taken back and thrown from the automobile which contained the party, to the ground in front of the hotel where he was employed. He was accused of associating with certain white women, guests of the hotel, where he was employed.

The negro was taken from his home and placed in the car, where he was bound and with the lights of the car extinguished, taken along a lonely road, where he was tied to a post and twenty-five lashes were administered, after he had been stripped of his clothing to the waist. The negro pleaded for his life and said: "I will never be guilty of associating with white women again."

American Legion
Baseball Team Will
Practice Tomorrow

The American Legion baseball team will have its first practice and tryout tomorrow afternoon at the fair grounds park.

Manager Cal Sparks believes that if all home talent turns out and works hard, there is a good chance for a crack team without going out of the city limits for a single man.

Games will be scheduled as soon as a good fast team has been made with teams from all over the state.

Broom Corn Men Meet

CHICKASHA, April 2.—Broom-corn men of Oklahoma, Texas and Arkansas will assemble here April 4, 5 and 6 for their annual convention. More than 150 delegates from the three states are expected to attend.

Entertainment for the visitors is in the hands of the local chamber of commerce. Outside of business sessions, the visiting delegates will be given motor trips to the adjoining broom-corn fields, receptions, a number of informal conferences and a banquet closing night of the convention.

Representatives from some of the largest broom corn product manufacturers in the southwest have already signified their intention of attending the convention.

Insure Your Future
Business

Advertising is simply Business Insurance. Your advertisements of today and tomorrow should have a broader scope than just immediate results. It should be a part of the foundation on which you are building for the future.

Just because you may have more business than you can handle today is no reason why you should not advertise. There may come a time when you will not be so overburdened—when you will want business and will not be able to get it, because you have not built a foundation of good will and confidence in your store when you had the chance.

The cost of this Business Insurance is low, and we have at your command the entire resources of the Bonnet-Brown Sales Service to help you with illustrations and Ad Suggestions.

MURDERER OF LAWTON
MAN LODGED IN JAIL

FORT WORTH, Tex., April 2.—The murderer of Sprague, jitney driver of Lawton, whose body was found buried in the sand near that city, has been placed in jail near the Oklahoma and Texas line, according to a report received here today. A crowd of men searched the jail at Lawton today, but found neither of the prisoners.

To Increase School Fund

A last minute dispatch from the state capitol building advises the News that Senator Luther Harrison has succeeded the passage of a bill in the senate this afternoon raising the salary fund of the East Central State Normal by \$22,000 and the maintenance fund \$7,000.

It will be necessary for the house to concur in the passage of the bill increasing the appropriation for the Ada school but Senator Harrison is of the opinion that that body will give their approval without delay.

The dispatch confirmed the report that the clocks in both houses of the legislature, from some mysterious cause, stopped promptly at 11 o'clock this morning. This unusual occurrence will permit the solons to continue the work of winding up the great mass of accumulated work which could not have been accomplished by noon today, the time set for the adjournment of the legislature.

It is thought that both houses will be able to clear up the final work of the session by noon tomorrow, at which time the adjournment should occur.

Murders and Suicides.

SYRACUSE, N. Y., April 2.—J. Thomas Wharton, Dean of the College of Business Administration, Syracuse, New York, was shot and instantly killed by L. E. Bebwith, professor of finance, this morning. Bezwith then turned the gun on himself and committed suicide.

SYRACUSE, N. Y., April 2.—Following the shooting this morning in the office of the school of administration in the agricultural building, of J. Thomas Wharton, dean of the school, by Professor Bezwith, it was learned that Professor Bezwith had been unpopular with the students and a petition had been circulated among the student body asking for his removal, in a statement issued today. It is the belief that Wharton died trying to keep Bezwith from committing suicide. A note was found, in which it was intimated that Bezwith was going to kill himself, after having learned that he was to be dismissed at the end of this school year.

History Repeats Itself

J. Harvey Burgess

With eggs three cents down on the farm, and quantities immense, a hash 'house man, without a mask, soaked me for fifteen cents. The chest walks not each week-end night, as once they say it did; it walks each morn, each noon, each night—the ghost of Captain Kidd. The barber wave! his battle axe, then hit it on his strap, then made three wide spasmodic swipes across my bloomin' map. He rubbed some ancient, fish like soap into my bloomin' head, then said "two ducks!" ah, tell me not that Jesse James is dead. When Emerson told us to hitch our wagons to the stars, perhaps he knew "would come that high to ride the kivered cars. We calmly pay four cents per mile, we bow beneath the yoke—what is the diff in Robin Hood and robbin' other folk?"

First Fight-- is
Thriller For
Final Session

A fist fight put the final jazzy twist on the end of the evening in the house of representatives Friday, as if to heap up in good measure the thrills of a day that already had broken all records of this session for interest and importance.

W. T. Drake, member of the house from Wagoner county, and Allen Street, former representative from Oklahoma City were principals in the bout.

Drake was speaking upon the warehouse bill, with unusual enthusiasm and vigor. Street was sitting in a group of members in a different row of desks from Drake, five or ten yards away.

"Louder," yelled some of the members near Street, as if attempting to disturb Drake's speech. Believing that Street had spoken, Drake pointed to him and asked that he be removed from the chamber. Street answered Drake and explained that he had not disturbed him. Then the short ugly word was passed.

Springing across intervening desks, Street came upon Drake and the two jostled to the floor while chairs turned over and books and papers were scattered from their places. Members separated the struggling men before either had received any damage. Drake explained later that in the tension of the argument, he had been mistaken as to Street's part in the heckling.

15,000 ARE MADE
HOMELESS IN MANILA

MANILA, P. I., April 2.—Fifteen thousand are homeless here today as a result of a fire, the most destructive in 20 years. Three thousand and houses in the northern section, the native quarters, were burned. Two bodies were found in the ruins.

Charles Back to Exile.

PARIS, April 2.—Reports that the former Emperor Charles has finally given up his attempt to regain the Hungarian throne, and will return to exile as requested by the Hungarian government, were not confirmed this morning, according to dispatches received late yesterday.

Oil Production Reported.

OIL CITY, Pa., April 2.—Reduction in the price of crude oil during the past three months was marked by a decline in the new operations throughout the country, according to a report by the Monthly Review of the oil industry and filed by the Derrick and made public here today. The report shows during the month of March a decline of 2094 compared with a decline of 153 during February.

Work under construction aggregated 7214 rigs and drilled wells, as compared with 7830 for the previous month. Crude production of 224,351 barrels increased 31,137. There were 488 dry holes and 220 gas wells.

CHICAGO TO HAVE
MUCH BOOZE AND BEER

(By the Associated Press)

CHICAGO, April 2.—An appropriation of 1600 gallons of wine and whiskey to be used for medicinal purposes by the three million of Chicagoans each year was made today, according to an order issued by the prohibition director of Illinois.

This amount is equal to 35,000 pints a day, in addition a bottle of beer for each meal is allowed on prescription.

The light of the North Star is 100 times stronger than the light of the sun.

8TH LEGISLATURE
ADJOURNS TODAY

CATTLE DISEASE
CAUSES TROUBLE

Many Bills Passed During Closing Hours of Session.

OKLAHOMA CITY, April 2.—The eighth Oklahoma Legislature entered its last day today, but whether the final legislative day will be today or extend into next week is undecided, but it is expected to end just before 12 o'clock today.

Yesterday was devoted by the house to action on the several committees representing dealings of the various state offices and departments.

The most important report, that of the recommended impeachment of Governor Robertson, was lot 42 to 42.

The session last night of the house in committee of the whole recommended the passing by the senate of bill number 155 for the appropriation of \$5,555,293.60 for the state department for the next two years; bill number 203 appropriating \$200,000 for the making over of the Sanatorium at Clinton into a soldiers' hospital.

OKLAHOMA CITY, April 2.—Clocks in the senate and house chambers of the Oklahoma legislature failed to reach the noon hour today.

Scheduled to adjourn at noon, under passage of a concurrent resolution last Tuesday, the clock in the senate conveniently stopped at 11:07 this morning and indications point toward 11:07 a. m. Sunday morning before that body will have completed its business of the eighth legislative session.

The clock in the house chamber was "craped." A flag was hung over the dial of the timepiece and no attention was paid at noon to the fact that the hour set for adjournment had arrived. Appropriate ceremonies, according to some members of the house, will attend the "unveiling" of the clock at "zero" hour Sunday morning.

Saturday morning activities in the house resembled the "steam roller," or "railroad" tactics applied on eleventh hour projects.

A bill every three minutes was the rate disposed of measures this morning. The calendar was not touched and neither did the morning session take any action on the state institutional appropriation bill, advanced to passage stage last night.

Approximately a half million dollars in appropriation bills, all house measures, occupied the attention of the upper house. All were hastily dispatched to the governor's office.

The killing of the deficiency claims appropriation bill was the outstanding feature of the morning session in the house.

A number of house members including speaker George Schwabe, were called before the senate investigation committee at noon. No intimation was forecast as to what was the motive for their investigation, although some leaders declared it was for the purpose of looking into house caucus activities.

Today was "Christmas day" for speaker Schwabe in the house. Edwin Dabnet of Altus, democratic floor leader, on behalf of members of the house, presented Mr. Schwabe with a gold masonic chain and a Masonic ring as a token and expression of appreciation of the members of his ability and honesty as a presiding officer. A black leather traveling bag was presented the speaker by the house employees.

CITY PASSES ORDINANCE
AGAINST INDECENT PICTURES

(By the Associated Press)

MIAMI, Okla., April 2.—An ordinance passed by the Miami commissioners forbids the indecent exposure of any person or the making or production of indecent or obscene motion pictures showing in Miami theaters at a penalty punishable by fine or jail. The ordinance authorizes the appointment by the mayor of a city board of censors.

All theater owners or other places of amusement showing motion pictures will be compelled to obtain a permit from the board before giving a performance or showing a picture in the city. The board reserves the right to revoke a permit at its discretion.

The mayor is to act as member of the board. The ordinance further provides that other city officers, such as a member of the board, the fire or police commissioner, the chief of police or any police officer, are given power to stop any performance contrary to the ordinance's provisions.

The ordinance was made an emergency.

Turks Defeat Greeks.

(By the Associated Press)

PARIS, April 2.—Greek forces, which were said to be defeated at Eski-sherh, Asia Minor, by Turkish forces last Thursday, are in full retreat near Constantinople according to dispatches received here.

Bovine Tuberculosis Causes Greatest Financial Loss in the State.

(By the Associated Press.)

OKLAHOMA CITY, April 2.—Bovine tuberculosis among cattle, as well as among people, caused the state of Oklahoma one of its greatest financial losses during the year 1920, according to a statement issued here today by state and federal veterinarians co-operating. The report says that despite concerted efforts on the part of veterinarians to combat the disease it has not yet been curtailed and is becoming more alarming each year.

The report deals in figures on people who have contracted the disease through use of infected cow milk or meat, as well as figures touching upon the number of cattle treated and infected during the last year. Through three tests that have been accepted to rid herds of the state that were reported tubercularly infected, the losses last year were considerably cut down the report says.

Statistics are quoted showing that bovine tuberculosis was directly responsible for 58 percent of child infection of abdominal tuberculosis and 60 percent of all forms of tuberculosis among children exclusive of pulmonary tuberculosis.

The three tests advanced by agricultural experts are: subcutaneous test, or temperature test, taken under the skin of an animal; the in-traderman test, of a test made in the tail of an animal, and the ophthalmic test in the sac of the eye.

Four hundred and twenty-three applications for accredited herds are on file in the veterinarian's office according to the report, of which 11 herds had been accredited to January 1, 1921. Practically all of these 423 applications were tested and results announced as soon as possible. During the last two years, 18,308 registered animals have been tested on 302 different farms with a total of 744 reactors, according to the report. During this same period a total of \$50,702.47 has been paid in indemnities on 460 head of cattle.

Indemnities on infected cattle are allowed by the state and federal government providing owners of such cattle have entered into an agreement with agricultural officials for tubercular tests. These tests are made without charge and the infected animals that show reaction are tagged and branded. On animals that are killed the state pays one-half the appraised value of the animal, less what salvage is received from the commission handling same.

The appraisement is made by the state veterinarian with the owners allowing a maximum of \$300 for registered animals and \$100 for grade. The federal government pays one-third of the appraised value with a maximum of \$50 for registered animals; \$25 for grade animals that have not been in the state for one year are not subject of indemnity, according to the law.

The report also shows that there were 2,000 deaths among cattle from anthrax last year, in the areas of Nowata, Tulsa, Claremore, Collinsville, the northern half of Pittsburg county and the western part of Haskell county. An appropriation of \$18,000 was allowed to eradicate and fight the disease, a part of which went for 25,000 doses of anthrax vaccine used on infected animals. Eleven veterinarians were employed during the epidemic, according to the report, and 16 quarantine riders with deputy sheriff commissions patrolled the infected areas. Owing to the nature of the disease, it will appear again this summer, the report says.

State veterinarians made 1,196 investigations for diseases among cattle during the last year, exclusive of hog cholera and anthrax, the report says. During the period from January 1, 1919 to December 31, 1920, 16,102 horses and mules were shipped into the state, very few of them for breeding purposes, the report adds, and 6,197 cattle, of which 3,651 were dairy variety. Hogs number 2,466 shipped into the state last year, with the exception of 4 feeder shipments the majority being registered hogs for breeding purposes.

Tonight and Sunday generally fair.

WASHINGTON, April 2.—Weather predictions for the coming week are: Along the lower Mississippi, colder Tuesday and Wednesday and rain Thursday, after which probably fair for the remainder of the week.

CHICAGO, April 2.—Representatives of the employed and non-employed in the union shops of the country are massed in a conference here today, the result of which was a prediction of ending the agitation for a 44-hour week.

War Veterans to
Assemble Today

(By the Associated Press.)
ST. LOUIS, Mo., April 2.—Veterans of the Battle of Shiloh are to assemble here tomorrow for their annual pilgrimage to the battlefield at Pittsburg Landing, Tenn.

The Grim Reaper has thinned the ranks of the survivors until this year only about 80 of the several thousand who fought in the battle, are expected to make the trip.

Committees from the Chamber of Commerce, the American Legion and the Ladies' Auxiliary of the American Legion will entertain the veterans with a luncheon and an automobile ride.

The warriors will depart on the Steamer Kentucky in the afternoon and return about April 16. Ceremonies will be held on the battlefield April 6 and 7. Campfires will be built on board the boat every night.

Most of the veterans are past 80 years of age, but according to Chas. Barrett, adjutant of the South Dakota division, the majority of them still can do the "ho down" remarkably well.

A number of house members including speaker George Schwabe, were called before the senate investigation committee at noon. No intimation was forecast as to what was the motive for the investigation, although some leaders declared it was for the purpose of looking into house caucus activities.

Today was "Christmas day" for speaker Schwabe in the house. Edwin Dabnet of Altus, democratic floor leader, on behalf of members of the house, presented Mr. Schwabe with a gold masonic chain and a Masonic ring as a token and expression of appreciation of the members of his ability and honesty as a presiding officer. A black leather traveling bag was presented the speaker by the house employees.

CITY PASSES ORDINANCE AGAINST INDECENT PICTURES

(By the Associated Press.)

MIAMI, Okla., April 2.—An ordinance passed by the Miami commissioners forbids the indecent exposure of any person or the making or production of indecent or obscene motion pictures showing in Miami theaters at a penalty punishable by fine or jail. The ordinance authorizes the appointment by the mayor of a city board of censors.

All theater owners or other places of amusement showing motion pictures will be compelled to obtain a permit from the board before giving a performance or showing a picture in the city. The board reserves the right to revoke a permit at its discretion.

The mayor is to act as a member of the board. The ordinance further provides that other city officers than a member of the board, the fire or police commissioner, the chief of police or any police officer, are given power to stop any performance contrary to the ordinance's provisions.

The ordinance was made an emergency.

Turks Defeat Greeks.

(By the Associated Press.)

PARIS, April 2.—Greek forces, which were said to be defeated at Eski-sheh, Ask Minor, by Turkish forces, last Thursday, are in full retreat near Constantinople according to dispatches received here.

CATTLE DISEASE
CAUSES TROUBLE

Bovine Tuberculosis Causes Greatest Financial Loss in the State.

(By the Associated Press.)

OKLAHOMA CITY, April 2.—Bovine tuberculosis among cattle, as well as among people, caused the state of Oklahoma one of its greatest financial losses during the year 1920, according to a statement issued here today by state and federal veterinarians co-operating. The report says that despite concerted efforts on the part of veterinarians to combat the disease it has not yet been curtailed and is becoming more alarming each year.

The report deals in figures on people who have contracted the disease through use of infected cow milk or meat, as well as figures touching upon the number of cattle treated and infected during the last year. Through three tests that have been accepted to rid herds of the state that were reported tubercularly infected, the losses last year were considerably cut down the report says.

Statistics are quoted showing that bovine tuberculosis was directly responsible for 58 percent of child infection of abdominal tuberculosis; 61 percent of cervical gland tuberculosis and 60 percent of all forms of tuberculosis among children exclusive of pulmonary tuberculosis.

The three tests advanced by agricultural experts are: subcutaneous test, or temperature test, taken under the skin of an animal; the intradermal test, of a test made in the tail of an animal, and the ophthalmic test in the sac of the eye.

Four hundred and twenty-three applications for accredited herds are on file in the veterinarian's office according to the report, of which 11 herds had been accredited to January 1, 1921. Practically all of these 423 applications were tested and results announced as soon as possible. During the last two years, 13,308 registered animals have been tested on 302 different farms with a total of 744 reactors, according to the report. During this same period a total of \$50,702.47, has been paid in indemnities on 460 head of cattle.

Indemnities on infected cattle are allowed by the state and federal government providing owners of such cattle have entered into an agreement with agricultural officials for tubercular tests. These tests are made without charge and the infected animals that show reaction are tagged and branded. On animals that are killed the state pays one-half the appraised value of the animal, less what salvage is received from the commission handling same.

The appraisement is made by the state veterinary with the owners allowing a maximum of \$300 for registered animals and \$100 for grade. The federal government pays one-third of the appraised value with a maximum of \$50 for registered animals; \$25 for grade animals that have not been in the state for one year are not subject of indemnity, according to the law.

The report also shows that there were 2,000 deaths among cattle from anthrax last year, in the areas of Nowata, Tulsa, Claremore, Collinsville, the northern half of Pittsburg county and the western part of Haskell county. An appropriation of \$18,000 was allowed to eradicate and fight the disease, a part of which went for 25,000 doses of anthrax vaccine used on infected animals. Eleven veterinarians were employed during the epidemic, according to the report, and 18 quarantine riders with deputy sheriff commissions patrolled the infected areas. Owing to the nature of the disease, it will appear again this summer, the report says.

State veterinarians made 1,196 investigations for diseases among cattle during the last year, exclusive of hog cholera and anthrax, the report says. During the period from January 1, 1919 to December 31, 1920, 16,102 horses and mules were shipped into the state, very few of them for breeding purposes, the report adds, and 6,197 cattle, of which 3,651 were dairy variety. Hogs number 2,466 shipped into the state last year, with the exception of 4 feeder shipments the majority being registered hogs for breeding purposes.

Tonight and Sunday generally fair.

WASHINGTON, April 2.—Weather predictions for the coming week are: Along the lower Mississippi, colder Tuesday and Wednesday and rain Thursday, after which probably fair for the remainder of the week.

Insure Your Future
Business

Advertising is simply Business Insurance. Your advertisements of today and tomorrow should have a broader scope than just immediate results. It should be a part of the foundation on which you are building for the future.

Just because you may have more business than you can handle today is no reason why you should not advertise. There may come a time when you will not be so overburdened—when you will want business and will not be able to get it, because you have not built a foundation of good will and confidence in your store when you had the chance.

The cost of this Business Insurance is low, and we have at your command the entire resources of the Bonnet-Brown Sales Service to help you with Illustrations and Ad Suggestions.

Housecleaning Made Easy

"One 'keep clean' is worth a dozen 'make clean,'" says an old adage oft quoted by good housekeepers. Training the family to keep things in good condition and to leave or place them where they belong is the first step along this path.

Spring cleaning will not seem such a burden if the cleaning process goes on all the time, while things kept clean through planning and co-operation will last longer than if they have been cleaned only occasionally. Mother's health will last longer, too.

Wipe walls down frequently with a long-handled brush or a broom covered with a cotton or outlin-flannel bag. Place a ruffle of the flannel across the bottom of the bag and finish the top of the bag with draw strings which can be securely tied around the broom-handle. If the bag is not available, cover the broom with soft, old underwear.

Use light, even, overlapping strokes to remove, rather than rub in, the dirt. Rub the soiled places which occur over radiators, around registers and stoves with cotton batting, rubbing lightly and changing the cotton as it becomes soiled. Guard against such soiled places by keeping the fixtures and the floor around them free from dust.

Wash oil-painted walls and ceilings as you wash painted woodwork. Wipe glazed wallpaper with a cloth wrung tightly out of warm, soapy water. Do not leave any moisture on the paper; it seeps in at the seams and loosens the paper.

Rub windows and mirrors frequently with soft paper; this keeps the glass clear. When it is necessary to wash the windows use a clean, lintless cloth well wrung out of clear hot water, or water to which borax, ammonia, or washing soda has been added. To get a clear glass, work quickly, with even strokes and wipe at once with a clean, dry cloth.

Glass may be dry-cleaned with a paste made by moistening a fine powder, such as whiting. Rub the paste on the glass, let dry, then polish with a cloth or paper.

Dust woodwork frequently. For floors, use a string mop or a broom covered with a bag. Sweep the floors occasionally with a soft brush. Wash floors, when necessary, with soapy water. Wring the cloth very dry and rub with even strokes. Wipe dry at once. If spots remain after washing, scour them, wipe clean and dry.

Wipe oil spots and finger-marks around door-knobs, handles and window latches frequently, using a dampened cloth. If the wood is unfinished, avoid using too much water, soap, or cleaning powder, as they discolor the wood. For painted wood, use a cloth well wrung out of light soap made with white soap. When soap is applied directly to the wood it softens and dulls the surface of the paint.

Clean enamel paint with hot water, which dissolves the grease and frees the dirt but does not af-

THE NEW WATCH ON THE RHINE

Belgian sentry on duty on bridge over Rhine at Dusseldorf.

With the occupation of the principal industrial and shipping centers of Germany by the allied troops a few weeks ago the allied forces, of course, took possession of all the bridges spanning the Rhine in the newly occupied zones. This photo shows a Belgian soldier on duty on the Dusseldorf bridge. Note the barbed wire handy for constructing a barrier if necessary.

fect the gloss. Use no soap, as this dulls the enamel finish.

For oiled, varnished and shellacked wood, use an oiled duster or mop. When the wood is dingy and black, wash like paint. To revive the finish, rub with a cloth sprinkled with linseed oil or furniture polish.

For wood which is waxed, use dry mops and dusters. Avoid using oil, as it softens the wax so that dirt settles in it.

HENRYETTA WILL CELEBRATE COAL DAY ON JUNE 16-17

(By the Associated Press)

HENRYETTA, April 1.—"Coal Day in Henryetta," a day upon which Henryetta will annually celebrate the industry which founded the city, has been added to the official holidays of the year. Hereafter, June 16 and 17 will be the days upon which "King Coal" will be commemorated.

The program for the two-day celebration will include addresses by representatives of coal operators and miners, city officials, prominent

platform speakers and a complete program of amusements.

A parade is planned to open the festival, headed by King Coal seated upon a throne built on a float of coal. Oil, gas and agriculture will be represented in floats to follow, according to plans.

The amusement features will be taken care of by a "Royal Coal Krew," which will follow in the wake of the industrial parade; street attractions, concessions and a special pyrotechnic display. A banquet is planned, the menu of which will be carried out in the language of coal miners' terms.

Merchants have agreed to prepare special show displays, with coal playing the conspicuous role. A coal luncheon will be held April 7, at which time members of the chamber of commerce, civic clubs and others will be more fully acquainted with the plans for the first anniversary in June.

The mild cathartic action of Henryetta is well liked by ladies. It purifies the system without griping or sickening the stomach. Price 60c. Sold by Hensler & Story, (a)

MEMORIAL DAY FOR LEGION MEN

Members Will Be Asked To Contribute Money for Occasion.

(By the Associated Press)

INDIANAPOLIS, April 2.—A call for all members of the American Legion to contribute ten cents to a Memorial Day fund for the decoration of American graves overseas was sent out today in a bulletin from national headquarters of the Legion here.

A majority of the bodies of Americans killed in the world war have been returned to America but "thousands of our comrades still sleep on foreign soil in compliance with the desire of relatives that they rest forever where they fell," the Legion bulletin says. "Few of the relatives of the fallen can go to Europe to lay a memorial wreath on the grave of the dear departed. As last year, the American Legion will perform this sacred service."

Committees have been formed in France and Great Britain composed largely of Legion men. Posts in England, France, Belgium and Germany, co-operating with these committees, will see that every overseas grave of an American soldier

is as fittingly decorated as if all the fallen slept in the soil of the homeland, the announcement adds. Franklin D'Olier, Philadelphia, past national commander of the Legion heads the Committee on Memorial Day. There are prominent men from twenty-one states of the Union.

There will be instances in which relatives will wish to contribute expressly for a particular grave, wishing an individual scheme of decoration carried out, the bulletin says. Legionnaires are charged with transmitting such requests to the memorial committees, through national headquarters, that every desire of the bereaved families may be complied with.

Last Memorial Day the American Legion decorated 75,000 graves of Americans in Italy, Spain, France, Belgium, Luxembourg and Germany.

WHO SAID

"God tempers the wind to the shorn lamb."

Ask ten persons who is the author of this famous quotation and nine of them will invariably say it is the utterance of some character in the Bible. They are wrong.

Laurence Sterne, the great English humorist, is the author of these words. They appear in his "Sentimental Journey," a work which is considered to contain some of the finest bits of humor ever written in the English language.

Sterne was the son of a lieutenant in the English army. He was born at Clonmel, Ireland, in 1713, and his death occurred in London in 1768. Part of Sterne's boyhood was spent in Ireland and it may be that he absorbed there some of the wit for which the Emerald

Islands famed. Later he was put in charge of a relative in England and there he was educated.

This man, who is best known to history as a humorist, was a clergyman. He took hold orders in 1740 and was given the parish of Sutton and later that of Stillington. At these two places Sterne performed the duties of clergyman for more than 20 years. At this time he was quite unknown as an author. In 1759, however, he came before the public with the two first volumes of his longest work, "The Life and Opinions of Tristram Shandy" which, by its likable humor, soon became very popular.

From the publication of his first work Sterne spent most of his life at London or on the continent. He seems to have become estranged from his wife and daughter and his later years were spent apart from them. They were not with him when he was claimed by death.

The two works mentioned, together with several sermons, constitute the greater part of the literary work left by this famous humorist at his death.

Query—Who Said: "Man's extremity is God's opportunity?" Answer—The above quotation is apparently anonymous. The nearest approach to it is found in Canto I, Stanza 20, of Scott's "Lord of the Isles": "In man's most dark extremity oft succor dawns from Heaven." This is likely the original.

—Wayne D. McMurray.

Children who have worms are pale, sickly and peevish. A dose or two of White's Cream Vermifuge will clear them out and restore rosy cheeks and cheerful spirits. Price 35c. Sold by Hensler & Story.

Veterans Will Hold Regular Monthly Meeting Tomorrow

William L. Byrd post, Confederate Veterans, will hold the regular monthly meeting at the city hall, Sunday afternoon at 2:30.

Hon. Geo. Hauffer will deliver an address, and a large crowd is expected to attend the meeting.

This will be the last meeting held prior to the Memorial service, which will be held the first Sunday in May. At tomorrow's meeting a committee will be appointed to arrange the details for the Memorial service.

Joe Davis Moves

This is to notify my friends and patrons of Ada that I have moved my offices to Shawnee, Okla.; that I will be only too glad to furnish you the best service possible for any architectural work in the future. I will be in Ada as often as possible and will appreciate a continuation of the patronage of my Ada friends. At Shawnee I will be with the firm of Taylor, Smiley & Davis, Inc., located in the Mammoth Bldg. JOS. I. DAVIS, Architect.

Dr. James A. Angell, president of Yale university, is a Harvard man from Chicago.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

ANNOUNCING The PAIGE NATIONAL DEMONSTRATION WEEK

For one week—commencing Monday, April 4th.—our Dealers in every section of the nation will conduct a special series of demonstrations with the complete line of Paige cars.

Our "Daytona 6-66" model now holds the world's stock car record for speed. It will be the purpose of Demonstration Week to prove that any Paige car—in the hands of an unprofessional driver—is indeed Master of the Highway.

No other stock car has ever equalled our own speed record of 102.8 miles per hour. No other car, we are confident, can defeat a Paige in the milder tests of general demonstration work.

By proving itself the fastest car, the Paige 6-66 has revealed qualities of endurance and strength that are beyond dispute. World's championship form is a guarantee of all-round efficiency—the best guarantee that the sporting world affords.

But these are facts that we want you to establish for yourself, and

Demonstration Week offers an unrivaled opportunity. You have but to get in touch with our Dealer and he will book you for a ride that will prove finally convincing.

Then, with an actual record of the tests, you will be in position to compare the Paige 6-66 with any other motor car—at any price—on the American market.

You will also be able to determine whether the New Series "Glenbrook Six-44" is or is not the greatest dollar for dollar value in the light six field.

Surely no man could ask for a fairer or more sportsmanlike proposition.

Whether you contemplate buying a motor car or not, we very cordially invite you to ride with Paige during the coming week. It will prove a revelation, we believe—and a liberal education in strictly modern engineering.

AN ANONYMOUS LETTER.

The News has just received an anonymous letter. Usually such communications reach only the waste basket, for the person who conceals his identity behind a non-de-plume, or insists on yelling his information over a rock wall when the yard gate is wide open, is usually not entitled to much consideration. The receiver of a letter should know several things about the sender in order to give the communication the proper consideration. If the letter we have just received effected only the News we would decide what to do with it and take the consequences, but it effects every man, woman and child in the city and we hesitate to take the responsibility of acting for everyone. We are taking the same course we would pursue should we receive a letter, unsigned, or signed "a traveling man," as this one is, telling that the city is to be blown up. The people should know and decide for themselves. Here it is:

Have just finished reading your editorial in the News under the caption, "Let There be Light," and must say that it is most timely, but right here I would like to add you can come on down closer home, for right on your principal streets where there happens to be light enough to see your way, the streets are too filthy to drive a respectable car over, much less a pedestrian having to cross them. Should he choose not to walk the street he takes serious chances of stumbling on the improvised sidewalks which you have in different section of the city and is liable to break a limb.

It seems a shame that the citizens of Ada, one of the most prosperous cities in the state, have no more civic pride than they do.

I have been making Ada for a number of years and would make my home here were it not for the deplorable conditions which now exist.

If we had the resources in our town that you have here, we would have a town three times as large as yours and of course folks can do the same thing by going after things in the proper manner.

I will return to Ada late in the summer and I trust I will find at least a cleaner and better lighted city.

Signed, A Traveling Man.

The streets and alleys need cleaning. Perhaps we have become so accustomed to seeing them littered with refuse and accumulations of dirt that we do not realize how dirty they are. If they were once thoroughly cleaned we would see the difference. Strangers from other cities, where clean streets and alleys are normal, notice the difference and comment upon it when they get home, and in some instances before they get home as did the man (or woman) who wrote the anonymous letter printed above. Such letters are not good advertising for any town. If cleanliness of person is next to godliness, surely cleanliness of a city is next to prosperity. It is easy for a visitor to believe that if the city is clean it is also prosperous. He will go home and say so, and that is the best kind of advertising.

No town has suffered in the eyes of strangers or got a bad reputation from having clean streets, bordered with shade trees, well trimmed and cared for, with yards and houses bearing the evidence of being well kept and newly painted. Such a city is like the refreshing ocean breeze to the traveler who has gone from one dirty city to another until he has almost lost his anticipation of finding cleanliness and beauty in a municipality. The impression that streets make upon such a visitor will make him talk about it wherever he travels.

The cleanup campaign recently launched by the home welfare committee of the "Better Cities" organization has done, and is still doing, wonderful things in the way of ridding Ada of filthy alleys and dirty streets. We predict that when "Mr. Traveling Man" returns to Ada "late in the summer," he will phone his wife to "stamp out the fire and call the dogs," and get ready to move to the cleanest city in the state. Here's hoping.

WESTERN MATERIAL AND WESTERN PAYROLLS

Small and medium sized bridges on public highways are more and more being constructed of wood in western states.

They are cheaper and when properly built are as durable as steel and make a market for our own timber products.

These bridges are roofed over and painted and outlast steel structures, are comfortable and stand any kind of storm.

The payroll of the logging camps and the sawmills are spent in the home markets and employ home labor and deserve preference.

LAWYERS IN THE STILLMAN CASE

John F. Brennan (above) and De Lancy Nicoll.

End Events: Spiltown manufacturers reported to be cheered by the fact that American women consumed 20 million cigarettes last year.

Tishomingo Capital-Democrat: The Standard Oil company is running a long series of subsidizing in certain newspapers and magazines. This saintly but soulless trust is anxious to have people accept it as a benefactor to the race instead of a daylight robber.

Shawnee News:—It will be interesting to see just what use the state will make of the six brick buildings constituting the plant of the girls industrial school at Tecumseh, built at a cost of \$300,000 but unused because of the idleness of the present legislature. The buildings are admirably adapted by reason of location and construction for hospital purposes and as there is great need in this state for more accommodations of this sort they should be turned over to the department of health to be used for this purpose, presupposing, of course, that hospital attendants will not refuse to forego the social life of Oklahoma City and appeal to the state federation of Women's clubs to save them from a life of isolation.

The Way We Sell It Wetumka Gazette: The past year has brought disappointments to all of us. We had been looking forward to the marketing of the best cotton crop in the history of the state at a price that would at least be in keeping with the cost of producing it, but before our people had hardly started to gathering the crop the bottom fell out and at least four-fifths of the crop was sold for less than ten cents. At the time the crop was made labor was at its zenith, making it the most expensive crop ever produced. It has been said that every pound raised in this state represented an expenditure of 30 cents. Whether these figures are true or not we are unable to say but we do know that the prices received were far below cost and we also know that it has financially ruined our people.

There is but one way out of the situation as we see it, and that is to reduce the cotton crop. In our opinion the crop should be cut half in two this year and the land be planted to crops that will make feed. The Lord only knows what would have become of us had there not been plenty of feed raised last year.

With the amount of surplus cotton now on hand, there does not appear to us, that we can hope for anything but a low price if another big crop is produced. The only way to get a good price is to cut the acreage.

Charles to Switzerland. VIENNA, April 2.—Former Emperor Charles will leave Spain-monger for Switzerland, Sunday or Monday. The delay in starting for Switzerland has been occasioned by neglect of the Italian government in issuing permission for him to pass through that country.

Will Decide About Pickle Factory By Tuesday, April 5th

J. H. Atkinson of Brighton, Ia., has returned to Ada and will decide definitely by next Tuesday whether he will establish a pickle salting station and canning factory here.

Mr. Atkinson said to the News yesterday that he is very favorably impressed with the agricultural outlook in Pontotoc county, the climate, the city of Ada and the spirit of co-operation and progress which he has encountered during his three visits to the county, but added that there are a few details which must be investigated before he can decide for certain whether he will build the factory here.

If he decides to build the factory here it will require the product of about 150 acres of pickles the first year to make a paying business of the industry. He has been led to believe that such an acreage can be obtained without the least trouble and he will arrange the other details of the business with that thought in view.

Mr. Atkinson said he would not undertake to handle the tomato crop this year, as it is now getting late in the planting season. If he meets with the right kind of support with the pickle factory this year, he expects to add the equipment to take care of a large acreage of tomatoes next year.

Recital at Normal Last Evening Was A Great Success

The concert given at the Normal auditorium last evening by the Glee Club of the Oklahoma College for Women at Chickasha must be numbered among the successful musical events of the season.

The audience only filled one half of the auditorium, but it was very responsive and several of the members of the Glee Club were called on to respond with other selections than those on the regular program.

The Glee Club is composed of twenty young ladies, each a student at the Chickasha school. The selections rendered, both vocal and instrumental, spoke well for the institution which provided the instruction, as well as the musical talent of the members of the club.

The program was varied, consisting of vocal solos, duets, quartets, choruses, readings and piano and violin solos. While the audience was a very responsive one and showed appreciation of each selection by spirited encores, perhaps the greatest demonstration was made over the violin solos rendered by Miss Jessie Norton of Wagoner, who captivated every one with her splendid playing.

Following the recital, the members of the musical organizations of the Normal held a brief reception in the reception hall of the visiting club. Punch was served and a very delightful time was had by every one.

Thirty years ago Los Angeles had a population of only 50,395, now it supplies nearly that number of movie actors.

Roy Stegall Returns To Hot Springs After Brief Visit

Roy Stegall returned to his work at Hot Springs, Ark., early this morning, after a brief visit with his parents, Rev. and Mrs. D. F. Stegall.

Roy is one of Uncle Sam's revenue officers. He has been assigned to duty at Hot Springs, for several months and has proven himself to be an officer of the highest type.

Much of his time is spent in breaking into the arrangements of men and women who undertake to smuggle narcotics and intoxicating liquors into the great American health resort. Thousands of arrests are made each year and the illicit practice has grown rapidly during the last six months.

Contract To Extend Industrial Track Is Signed Up Today

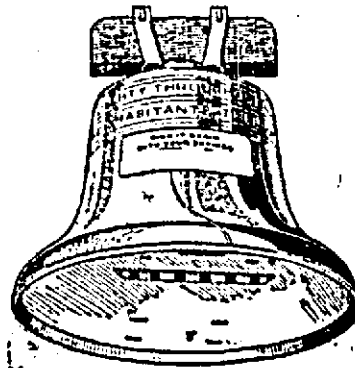

Secretary Walker received a telegram today from an official of the Katy railroad company, advising it is their intention to sign the contract today authorizing the extension of the industrial track from

Backaches and other external pains quickly soothed

THAT dragging, wearing backache, that so many women suffer from, is quickly eased by an application of Sloan's Liniment. No rubbing, no burning, no skin stains. It's good for all the family and all kinds of "external" aches and pains. 25c, 50c, \$1.00.

Sloan's Liniment (Pain's Enemy)

What the ring of the Liberty Bell meant to the Colonies, the Liberty Bell Home Saving Bank means to you—Independence.

A Worthy Example of Independence

George Washington—the father of his country—was a man whose example of thrift, and success should be an inspiration to every American. From all his earnings he set aside a certain part regularly—against the days of his "sunset." A small amount deposited at this Bank in our Term Saving Account with interest at 4 per cent compounded semi-annually will quickly grow to large proportions.

GWIN & MAYS DRUG CO.

Come let us plant the apple-tree,
Cleave the tough greenward with
the spade;
Wide let its hollow bed be made;
There gently lay the roots, and there
Sift the dark mould with kindly
care.
And press it o'er them tenderly,
As, round the sleeping infant's feet,
We softly fold the cradle-sheet;
So plant we the apple-tree.

What plant we in this apple-tree?
Buds, which the breath of summer
days
Shall lengthen into lofty sprays;
Boughs where the thrush, with
crimson breast,
Shall haunt and sing and hide her
nest.

We plant, upon the sunny lea,
A shadow for the moonlit hour,
A shelter from the summer shower,
When we plant the apple-tree.

"Who planted this old apple-
tree?"
The children of that distant day
Thus to some aged man shall say:
And, gazing on its mossy stem,
The gray-haired man shall answer
them:

"A poet of the land was he,
Born in the rude but good old times
'Tis said he made some quaint old
rhymes,
On planting the apple tree."
—Bryant

Staggs-Lambert

Miss Inez Lambert and Herschel
Staggs were quietly married at the
home of the Baptist minister, Rev.
C. C. Morris, last Monday evening,
with only one friend and the pas-
tor's family present. The wedding
was secret and they planned to keep
it from their friends for sometime
before making the announcement.
Fred Nichols was the one present
as best man.

Miss Lambert came to Ada last
September and since that time has
rapidly advanced in the business
world until now she holds a position
in the county clerk's office and is
held in the highest esteem by her
many friends, made since her ar-
rival here. She was educated in the
Sulphur High school and East Central
Normal, having completed her
course there four years ago. She
also served one term as court stenog-
rapher for the Delaware county
court. Miss Lambert also has several
relatives here.

Mr. Staggs is the proprietor of the
cleaning works on East Main
street and has a good standing
among the business set. He is also
well known around town. He is a
successful business man and has
been here for sometime.

Mr. and Mrs. Staggs are having
a beautiful bungalow built on 5th
street and Francis avenue which
they will occupy as soon as it is
completed. They will make their
home here.

Mothers' Club Meets

The mothers' club of the Willard
school met in regular session at
the school building yesterday after-
noon for the purpose of settling
several business matters and plan-
ning further work to do. There
was a large number of the mothers
present and much good work was
done.

A picture was given to the fourth
grade room, which was very appro-
priate and beautiful. Plans were
made also for a united effort on
the part of the citizens of this
part of the city to co-operate with
the Women's Auxiliary and other
organizations for the purpose of
cleaning all alleys and other places.
They have ordered several play
ground articles which are expected
to arrive in a week. This will
make the school much better for
the children's recreation. The meet-
ing was one of the most enthus-
iastic and best that has been held
for some time.

Delphian's Meet

"Artists are nearest God. Into
their souls he breathes his life, and
from their hands it comes in fair
articulate forms to bless the world."
—G. Holland.

The Delphians met last Tuesday
and held their second lesson on
art, with Miss Dorothy Duncan, lead-
er. The subject was art of early
nations. The topics for discussion
were Egyptian art, Egyptian mu-
seum, Karnack temple, Mesopotam-
ian art, Palace of Sennacherib, Bab-
ylonian art, Phoenician art, and He-
brew art, after which came the
general discussion of the presi-
dent's summary. The members are
enthusiastic over the opportunity of
a systematic study of this subject
from the beginnings, to art centers
in America such as the Delphian
course offers, realizing that in com-
ing to a full appreciation of art,
one is possessed of one of the
purest, loftiest and most ennobling
pleasures the world can give.

MAYBE "SHE COULDN'T HELP IT," BUT BEBE COULDN'T CONVINCE THE JUDGE

Bebe Daniels.

Bebe Daniels, motion picture star who played the leading role in
"She Couldn't Help It" and other films, has been sentenced to ten days
in jail by Judge Cox of Los Angeles, Cal., on a charge of speeding. The
judge denied her a retrial. Unless Bebe appeals the case she'll have to
spend the days behind the bars. Bebe was accused of ambling along
at about fifty miles an hour. "No such thing," declares the pretty star.

his way from McAlester to Strat-
ford where he will spend several
days visiting his parents. He had
an unfortunate accident while at
work there and is home to recuper-
ate.

Miss Ruby Roberts of Atoka ar-
rived in the city this morning to
spend the week-end visiting friends.

J. G. Ward of Shawnee is here
for a visit with relatives and friends
this week-end.

Miss Ruth Hopkins of Shawnee
is the week-end guest of friends in
the city.

Mrs. E. C. Whipple of Stillwater
has arrived in the city to spend the
week-end with her son, Prof. Olin
W. Whipple and family.

Mrs. Paul Cox and son, Paul Jr.,
and Miss Minnie Cox, left this after-
noon for Roff where they will spend
the week-end visiting relatives.

Mr. and Mrs. H. A. Treble of
Sapulpa are in the city to spend the
week-end with Mrs. Treble's father
and other relatives.

Mrs. Ella Huddleston left this
morning for Oklahoma City where
she will spend a few days visiting
her parents.

Mrs. M. J. Phillips and grand-
son, Oscar Parker, left today for
McAlester where they will spend
the week-end visiting Mrs. Phillips'
son, Dr. W. S. Phillips and family.

Dale Merritt arrived in the city
this afternoon from Coalgate to
spend the week-end visiting his
aunt, Mrs. Della Bedford and fam-
ily.

W. J. Thompson of Pauls Valley
is in the city today, having arrived
here yesterday afternoon.

SHE TOOK HER FRIEND'S ADVICE

Now is in the Best of Health
Because she took Lydia E.
Pinkham's Vegetable
Compound

Detroit, Mich.—"I was not feeling
well for several years and never was able
to eat any break-
fast and always com-
plained of a headache
or tired feeling which
at times required me
to stop my work and
rest. I have never
had a physician and
never took any medi-
cine for it until years
ago when I was recom-
mended to me by a neighbor
whom I used to visit
frequently. I took
four bottles of Lydia E. Pinkham's
Vegetable Compound, and now I am in
the best of health and enjoy doing my
work every moment of the day. It
surely put life and 'pep' into my sys-
tem."—Mrs. L. M. DARRAB, 46 Howard
St., Detroit, Michigan.

It is not always in business that a
woman is forced to give up her work on
account of ill health. It is quite as often
the woman who does her own work at
home. When backaches and headaches
drive out all ambition, when that be-
ing-down sensation attacks you, when
you are nervous and blue, the one great
help for such ailments is Lydia E. Pink-
ham's Vegetable Compound.

were among those who were pres-
ent.

Miss Andrews is an East Central
product and is making a most
splendid record in the teaching pro-
fession. She is not only well qual-
ified as a teacher, but she has a
faculty of making friends with
everybody, and both pupils and
patrons of the Lanham school are
loud in their praises of her work
there this term.

The entertainment of last even-
ing is one of a series which is
being conducted throughout the
school term, and those who attend-
ed from here were more than paid
for their visit to the school last
evening. At the close of the pro-
gram Dr. Breco, was called upon
and made a splendid address to
the student body.

Another Oil Sand Reported Reached Northwest of City

Reports have reached the News
today that an oil sand was touched
yesterday afternoon at the Carter-
Nance-LaSalle well, in 32-5-5, 12
miles northwest of Ada, at a depth
of 1,575 feet. The report further
states that the drillers are now
undermining to lower the casing
and when that work is completed
the sand will be drilled in.

The News has been unable to
get in touch with the owners of
the well to confirm the report and
ascertain what kind of a showing
of oil the sand is making.

A small producing gas sand was
found in the well at 1,530 feet,
early this week and the News pre-
dicted yesterday that an oil sand
might be reported at any moment.

It is understood that the pro-
motors of the test intend to con-
tinue the drilling to at least 2,000
feet, unless a producing sand is
found short of that depth.

This well is one of the most
important tests in the Ada fields
and its progress is being watched
with a great deal of anxiety by
persons interested in the field.

Another test northwest of the
city, in which the oil men have more
than passing interest, in the Trans-
continental well, reported to be
drilling at 900 feet, in 14-5-6,
just four miles northwest of the
Carter-Nance-LaSalle test.

The Transcontinental is one of
the strong companies, and their test
is to be a deep one, at least 3,500
feet if no oil is found, short of
that depth.

High School Loses
The Ada High School baseball
team were defeated in a slow game
with the Sulphur boys yesterday
afternoon. The game was uninter-
esting and was narrowly won by
the Sulphur team. The final score was
4 to 3.

The Ada boys were accustomed
to playing on a good court and
when they met the Sulphur boys
on a diamond that ran across streets
lots, was full of holes and bumps,
they found it very difficult to make
any progress. Their opponents made
four scores in the first two innings
but were unable to make any show-
ing after that. The Ada boys met
a little hard luck in the last in-
nings of the game and were unable
to score enough to win.

Dascomb-Daniels Lumber Company

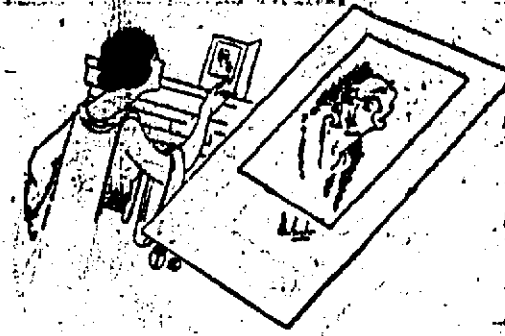

C. E. Cuning, the manager of this large Lumber company has been in charge of the yards here for the last nine years. For a number of years he was manager of the Conley Lumber company of Arkansas City, Kansas, before coming here and his success with the Dascomb-Daniels people, has exceeded his fondest expectations.

The Dascomb-Daniels Lumber Co. is one of the largest lumber yards in the city of Ada, having been here since 1900. The yards cover an area of 140 feet by 250 feet. A corporation owns the yards here, which is one of many, located all over the middle west, but most of which are in the state of Oklahoma. The general headquarters of the company are in Kansas City, Mo. Mr. F. N. Daniels is the president of the company and George E. Dascomb is the treasurer.

The company handles everything in the general lumber line, always having a large supply of lumber on hand. They also carry a line of paints, under their own name known as the D and D Paint.

This company's yards are located at 10th and Townsend avenue, phone 76, having been in this one location since their opening here twenty-one years ago. They employ here four men to eight at all times, and during the busy season have even employed more than eight.

The company has established a reputation here, during their long stay in the city, by giving Quality and Service to their many customers and their books show that they have sold building materials and paints all over the county. Many of their accounts are with farmers of the community, who have done business with them these many years and still come back whenever in need of building materials.

CLASSIFIED ADVERTISEMENTS

MAKING THE QUEEN OF SHEBA ENVIOUS

Betty Blythe as "The Queen of Sheba."

The pretty Betty Blythe, popular actress, is soon to appear in a new staging of "The Queen of Sheba." Could the original queen get a glimpse of Betty on her throne there no doubt would be trouble.

Roquemore Coming to McSwain Theater For All Next Week

By special arrangements Manager McSwain, of the McSwain theatre, has secured the popular Henry Roquemore's Musical Comedy for all next week, starting Monday matinee presenting a new musical comedy called "Good Night Peg," written by Lawrence Bingham with music by J. C. Murphy.

Henry has more friends in Ada than all other traveling musical comedy managers combined, and it is with much delight that the McSwain management announce the engagement of this organization, for Mr. Roquemore always brings a superior show to town and the amusement lovers look for something good and always get it—this show never disappoints.

Fred Faust Letter, who has been under the Roquemore management for two years, is now a fixed feature with his excellent organization and all Ada is proud of the advancement made by their own son, for Freddy has made good.

A week of genuine entertainment with shows offered that are all clean and refined to the extreme will be your pleasure next week. Arrange to see the Roquemore show it is decidedly worth while.

To My Patrons

This is to notify my patrons and patients that I am now back at my office in the Norris-Haney Bldg., ready to serve them better than ever.—Dr. Isham L. Cummings. 4-3-21

Ada Folks Enjoy Entertainment at The Lanham School

The seven months term at the Lanham school closed Friday with an appropriate entertainment in the evening consisting of readings, recitations, dialogues, and musical numbers.

The entertainment was well attended and the audience, though crowded, showed their appreciation by their splendid order.

Miss Ruby Andrews, the teacher, who is a resident of Ada, had invited a number of her Ada friends to attend and several automobile loads of Ada people accepted the invitation.

One of the features of the program was a short talk by Dr. J. C. Breco of Ada, on the subject "Better Schools and Better Roads."

Chester Byrd Injured.

Report comes to Ada today that Chester Byrd, of this city, happened to what came near being a serious accident when he drove his car into dismantled bridge west of Stone-wall last evening. It is reported that the car was badly damaged but that Mr. Byrd only sustained some scratches and bruises which are inconsequential.

A torpid liver needs an overhauling with Herbine. Its benefits are immediately apparent. Energy takes the place of laziness, appetite returns, and the hour of rest brings with it sound, refreshing sleep. Price 60c. Sold by Hensler & Story. (adv)

Church and Sunday School

Presbyterian Church.

The First Presbyterian church is located at Fourteenth street and Broadway. Rev. N. P. Patterson, D.D., is the pastor. The Sunday services will be held as follows:

The pastor will preach Sunday morning at 11:00 o'clock and Sunday evening at 7:30. The morning subject will be: "Facing Responsibility." The evening subject will be: "Running the Race."

The Sunday school meets at 9:45 a. m., Mrs. C. Grigsby is the superintendent. Mrs. H. P. Reich is superintendent of the Primary department.

The Intermediate Christian Endeavor society meets at 9:00 o'clock. Miss Mollie Russell is the superintendent. She will have good news for the Intermediate Sunday morning.

The Light Bearer band will meet at 2:30 p. m. Mrs. Albert Russell is the superintendent.

The Senior Christian Endeavor society will meet at 6:30 p. m. George Bowman is the president. Reports will be given by the three members of the society who attended the Presbyterian society at Paul Valley this week.

The Senior Women's auxiliary meets Monday at 3 p. m. Circle No. 1 meets with Mrs. C. J. Warren; No. 2 with Mrs. Virgil Hale and No. 3 with Mrs. C. V. Gowing.

The session of the church will meet Sunday afternoon, at 2:30 o'clock. This is an important meeting and every elder is earnestly requested to be present.

Prayer meeting Wednesday evening at 7:30. A cordial welcome is extended to all who wish to worship with us.

N. P. PATTERSON, Pastor.

First Baptist Church.

Sunday school begins at 9:45. Mr. J. A. Hidding is the superintendent. We hope to go far beyond the four hundred mark tomorrow. This will mean that we must all come and be found in our places. Spring is here and all nature is taking on a garment of living beauty. The flowers and trees are teaching us anew the lesson of the resurrection.

The morning hour of worship begins at 11 o'clock. The pastor will preach on the subject, "Love, the Queen of Virtues," and at the conclusion of the service we will observe the Memorial Supper of our Lord. Let us have a large attendance at this service.

The Sunbeams will meet at 3 o'clock and Miss Annie Bell Perry will be in charge.

The Juniors will meet at 6:30 with Mr. and Mrs. A. H. Davis in charge.

The Intermediate B. Y. P. U. will begin at 6:45 with Mr. and Mrs. C. A. Bell leading.

The senior B. Y. P. U. will begin at 6:45. Miss Opal Little is president, and Miss Annie Bell Perry secretary.

The Woman's Missionary society will meet Monday afternoon in a business meeting at the church.

The workers and teachers council will meet Monday evening at 6:30. Bring lunch.

The board of deacons will meet Tuesday evening at 7:30.

The monthly business meeting of the church will be held Wednesday evening at 7:45.

The pastor will preach again Sunday night on a continuation of the morning subject, "Love, the Queen of Virtues."

We cordially invite the public to any and all our services.

CLYDE CALHOUN MORRIS, Pastor.

First Christian Church.

Bible School at 9:45 a. m. Our attendance goal is 300 by May 1st. Will you be one of this number?

At the 11 o'clock service Prof. J. E. Hickman will deliver the address.

Junior Endeavor at 3 p. m.

Senior Endeavor at 6:30 p. m.

Evening service at 7:30 p. m.

This will be a song and praise service in which we will use some

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Theodor's Black-Draught for years, in fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have used it in my family, and never have found its equal for torpid liver or disarranged stomach, especially with children. I can recommend Black-Draught, and gladly do so."

Every member of the family occasionally needs the assistance that Black-Draught can give, in helping to cleanse the system and relieve or prevent the troubles that come from a lazy, torpid liver.

If your liver is not doing its duty, you may suffer with headache, constipation, biliousness, indigestion, etc. Unless relief is obtained, serious sickness may result. In its long and successful use, Theodor's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Theodor's Black-Draught, and insist on the genuine. NO. 137

The News Bible Lesson

My son, if thou wilt receive my words, and hide my commandments with thee;

So that thou incline thine ear unto wisdom, and apply thine heart to understanding;

Yea, if thou criest after knowledge, and liftest up thy voice for understanding;

If thou seekest her as silver, and searchest for her as for hid treasures;

Then shalt thou understand the fear of the Lord, and find the knowledge of God.

For the Lord giveth wisdom; out of his mouth cometh knowledge and understanding.

He layeth up sound wisdom for the righteous; he is a bugler to them that walk uprightly.

He keepeth the paths of judgment, and preserveth the way of his saints.

Then shalt thou understand righteousness, and judgment, and equity; yea, every good path.

of the old songs we all love. There will also be special music.

The regular monthly meeting of the official board will be held at 3 p. m.

M. E. QUALLS, Clerk.

Ark Avenue Baptist Church.

Subject: With Jesus in the Wilderness.

There will be Sunday school at 9:45.

Every one is cordially invited to attend these services.

There will be no evening service.

Methodist Church.

The pastor will preach at the 11 a. m. service and at 7:30 p. m. The Epworth League meets at 6:30 p. m. The Sunday school meets at 9:45 a. m. A very earnest invitation is extended to all to attend these services.

R. C. TAYLOR, Pastor.

First Services To Be Held in New Church Tomorrow

The new Church of Christ building, just completed at 517 East Main stands as a monument to the zeal and industry of the congregation which built it, and forms a beautiful and substantial addition to Ada's splendid collection of churches.

The building was started a month ago and the finishing touches have just been added in time to permit the congregation to hold their first services in it tomorrow. All of the work on the building, from the digging of the ditches for the foundation to the nailing on of the last shingle, has been done by members of the church.

On Thursday of this week about thirty members of the church, about evenly divided between men and women, gathered at the building and put in the day cleaning up the litter which had been left by the carpenters, leveling the lawn preparatory to the planting of bermuda grass and painting the floors and woodwork of the building.

While the men worked on the outside of the building with teams and shovels, the women did the inside work. At noon a spacious dinner was served from baskets which the women had brought along. It was necessary for the men to return and complete their outside work, Friday. The lawn will be planted in short time, and when

the grass begins to appear the splendid appearance of the church will be greatly increased.

The building is a one story frame with basement. The main auditorium is 40 by 60 feet, and is equipped to accommodate at least five hundred persons. Two large class rooms adjoin the auditorium at the rear, and a large basement room will be used as additional room for class work.

By members of the church doing all of the mechanical work, it is said that the total cost of the structure does not aggregate more than \$9,000. It is thought that by doing the work themselves, the members of the church saved approximately \$2,000.

R. B. Moore was chairman of the committee which prepared the plans, and D. S. Floyd had active charge of the carpenter work. Most of the 250 members of the church contributed either money or labor, and many of them contributed both labor and money. It required one month to complete the structure, from the day it was started.

The church has no regular pastor at this time but three preachers are members of the local congregation and they occupy the pulpit from time to time. One of the leading members said to a representative of the News that they hoped to have a regular pastor within a short time.

BRITISH MINES BADLY FLOODED BY WATER TODAY

(By the Associated Press.)

LONDON, April 2.—Six British coal mines are flooded with water by striking miners and some are said to be in such condition that scores of telegrams have been sent to the government asking that sailors be allowed to help fight against the floods. Volunteers were also asked to help combat the flood and a grave view of the crisis is being taken.

Restrictions on train service will begin soon and a cut of 20 percent in the fares will be made at the end of next week if the coal strike continues.

A coin-operated, shoe-polishing machine polishes both shoes at the same time for a nickel, requiring only one and a half minutes for the operation.

Coming to Ada

DR. HAMILTON

MEDICAL

DOCTOR SPECIALIST

Known to many People in Oklahoma

TREATING DISEASE WITHOUT SURGICAL OPERATION

Free Consultation to all who Want and Need Medical Aid.

Will be at HARRIS HOTEL MONDAY, APRIL 4th.

Hours 10 a. m. to 5 p. m.

ONE DAY ONLY.

Dr. Hamilton licensed by the state, will introduce at the principal points throughout the state his system of treating disease and deformities saving in many instances dangerous and expensive surgical operations.

This visiting physician has devoted many years to the study and practice of chronic diseases and is a practical diagnostician and specialist in internal medicine. Will examine free all those interested as to their health, and in whose cases selected as favorable for treatment the proper medicines will be furnished or sent at a reasonable cost. The doctor furnishes all his own medicines.

The diseases treated are those of the stomach, liver, kidneys, bladder, blood, heart, nose, throat, lungs and skin, appendicitis, gall-stones, goiter, ulcers of the stomach and bowels, and rectal ailments, adenoids, swelling of the limbs enlarged veins, leg ulcers, rheumatism, neuralgia, some forms of paralysis, catarrh, bronchitis, asthma, blood and skin diseases, weak mentally, club feet, curvature of the spine, slow growth in children, bed-wetting, and all curable diseases of men, women and children.

Dr. Hamilton is patronized generally by those who know and appreciate the superior ability of a specialist but have not so far had the opportunity to consult one, and his coming affords the many sick and afflicted a chance to consult him close to their homes. Married ladies must come with their husbands and children with their parents.

Address: Medical Laboratory, Boston Block, Minneapolis, Minn.

Court House News

State vs. O. P. Vance.

O. P. Vance will be tried before Justice Brown this afternoon for alleged false pretenses. S. A. Whiteside is the complaining witness.

Mr. Vance was arrested today and due to the fact that he wishes to leave the city at the earliest possible moment, it was agreed that the case be tried today.

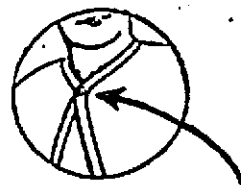

Sammy Hall, a negro, pleaded guilty in Justice Fisher's court today to stealing a pair of trousers from another negro and was fined \$25. He was placed in jail on default of paying the fine.

Three boys from Ahlsoo were brought before Justice Fisher yesterday afternoon and entered pleas of not guilty to charges of petty larceny. Their trials were set for April 8, and each gave bond for appearance at that time. The names are: Marley Throgmorton, John Sanders and Amis Brandon.

H. Murphy and Harry Stouffer will have a preliminary hearing before Justice H. J. Brown, this afternoon. The two men were placed in jail early this week, charged with burglarizing a box car of several pairs of shoes. The M. K. & T. railroad company is the complaining witness. The men are strangers here.

Hospital News

Harvey Loman, West Fourteenth street, underwent a successful operation for empyema yesterday afternoon and is resting well today.

THAT'S THE SONG YOU CAN SING WHEN YOU WEAR THE

HATCH
ONE BUTTON
UNION SUIT

INSTEAD of a row of nine or more buttons and buttonholes to take time and cause trouble, you have in this superior garment just the one master button at the chest. It eliminates pulling and wrinkling, and gives you instead one smooth, even fit from neck to knee or ankle.

It's well worth your while today to step in and see this union suit of such complete satisfaction. We have it in a variety of materials, weights and prices to suit every temperament and purse.

Moser's Department Store

ACTION

In this practical world of ours, it is the thing done that counts and not what is said about it. Action, far more than words, makes an impression.

It is natural, knowing the value of our service, that we should talk about it and bring out the many ways we can be of assistance.

But we never forget that our record depends not upon our words but upon our daily and hourly activities in behalf of our patrons.

All of our facilities are at your disposal

Why Keep Advertising?

When business is slack why advertise?

Did you ever notice that it takes time and persistence to accomplish anything worth while? You can't advertise today and expect to find your store crowded tomorrow, unless you have through constant advertising educated the public to read your Ads.

The majority of the people are slow to act. You have to tell them the same thing over and over again before they will heed your message.

Advertise now for the business you hope to do next month—it is the cumulative effect that brings results.

For help in your advertising we have the Bonnet-Brown Sales Service of Cuts and Ready-written Ads. We'll gladly explain their benefits to you.
